

# Make a fun Worry Eater fortune teller!

**What you need:**

- a color printer
- template "Worry Eater fortune teller"
- scissors\*

**1.**

After printing out the template, cut out the square shape for your Worry Eater fortune teller. Fold the paper twice diagonally, creating the lines from corner to corner. Then, unfold the paper back to the square.

**2.**

Turn the paper over and fold the corners into the center so that the tip of the corner is in the middle.

**3.**

Now, you should have a smaller square shape.

**4.**

Turn the square over again.

**5.**

Now, fold the corners in again.

**6.**

You are now left with an even smaller square – and you should see our faces!

**7.**

Turn the paper back over to find each word of our slogan positioned on one of four small squares. Carefully pull the four corners out and the center should move slightly inwards. Put your fingers into the empty spaces below and – TADA! Have fun with your Worry Eater fortune teller!

\*Note: Please always make sure there is an adult around when you are using scissors and go for children's scissors, because they are much easier and safer to handle!
